

CAL EXPO

October 24, 2007

To Whom It May Concern:

Industrial Structure Cleaning Company, Inc. (ISCC) is the current service provider for cleaning of all fabric structures at the California Exposition & State Fair (Cal Expo).

ISCC has performed the cleanings for the past two years. For approximately six years prior to that, Lane Cooper, President of ISCC, also performed the cleanings himself for Cal Expo under ownership of a previous service provider.

Timelines are important to Cal Expo as the cleaning project must be completed in preparation for the annual California State Fair. ISCC has always completed the project as required and often times ahead of schedule.

Cal Expo has been very pleased with the professional services provided by ISCC and Lane Cooper's "hands-on" work experience.

We would highly recommend their services to any companies that are considering having their fabric structures cleaned.

Sincerely,
CALIFORNIA EXPOSITION & STATE FAIR

Jan Risso
