May 19, 2008

To Whom It May Concern:

Industrial Structure Cleaning Company, Inc. (ISCC) is the current service provider for cleaning of all fabric structures at Raleigh-Durham International Airport (RDU).

ISCC has performed the cleanings on an annual basis since 2005. Timelines are important to RDU as well as the convenience of our passengers traveling to and from our airport. ISCC has always completed the project as required, often times ahead of schedule, and is always accommodating to the flow of traffic/passengers at RDU.

RDU has been very pleased with the professional services provided by ISCC and Lane Cooper's "hands-on" work experience.

Sincerely,

A handwritten signature in black ink that reads "Barry Stoker". The signature is written in a cursive, flowing style.

Barry Stoker
Maintenance Contracts Administrator
